

Interim Questionnaire for Children

What did you enjoy most about the project, and why?

Did you learn any new skills? E.g. how to use new apps, new languages, experience new cultures/cities. Please list all of these below?

Is there anything that you would change from the project?

In this project, we have used ICT to communicate with schools from other parts of Europe.

We have also visited other parts of Europe. Please tick the answers that relate to you.

I have developed my ICT skills

I learned words in a new language

I have visited a new country

I have communicated with children from other countries using the internet

I will stay in contact with new friends

Any other comments about the project?
