

Documentaries– notes for teachers

The introduction videos are meant to introduce your schools, the neighbourhood, and the people to the partner schools

- min 5 mins - max 10 mins length
- same jingle for all videos
- Start and end credits
- Contents: general information, rooms, important people, school grounds, ...
- Let the children decide what they consider important and want to share with the others
- Teach the genre of documentary in literacy lessons (see PPT), then set task
- better share the task between 2 or even 3 classes (e.g. one class talk about rooms and school grounds, another interview people, third give information on neighbourhood and country and general information)
- Use a greenscreen where appropriate
- Let the children do the filming and editing, using the checklists and self-assessment sheets
